MINERAL SAND & RARE EARTHS

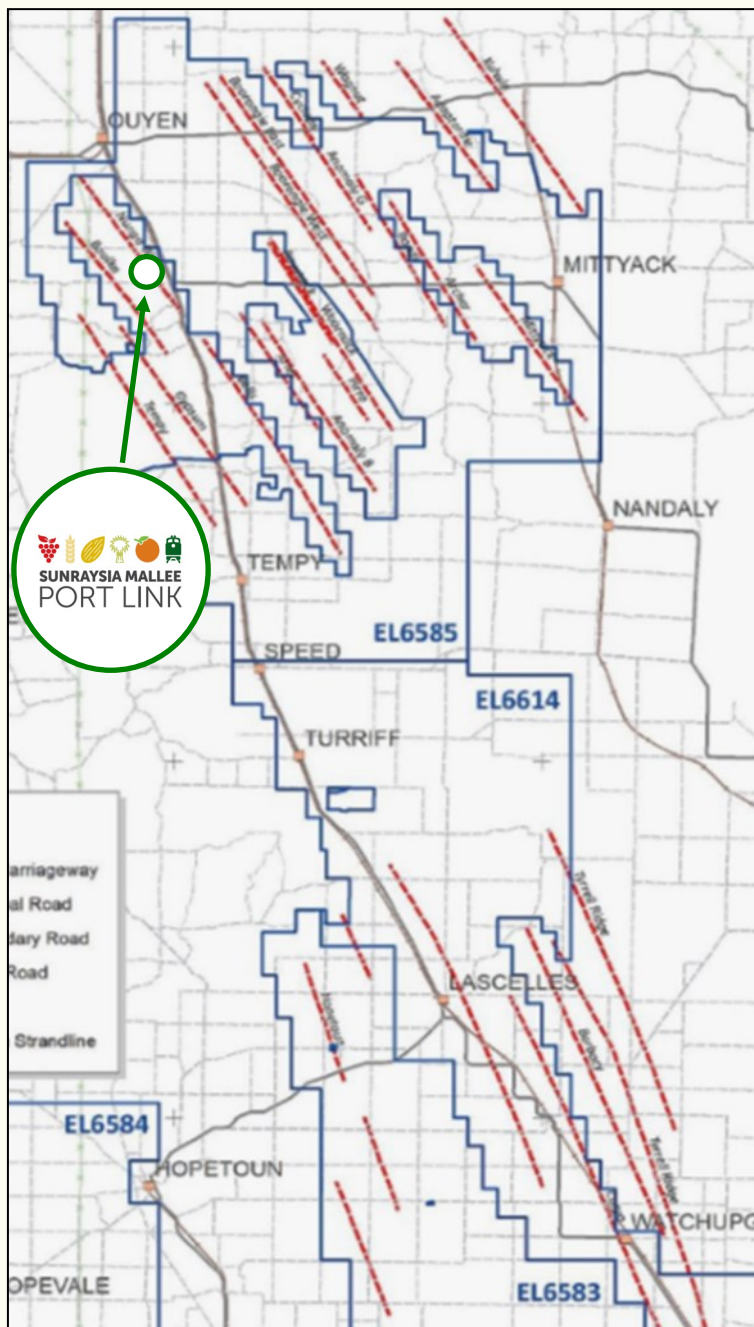

Mineral sand deposits right next door to Sunraysia Mallee Port Link and numerous others in proximity

The following maps show the close proximity of the Sunraysia Mallee Port Link rail terminal to many untouched mineral sand and rare earth strands. Iluka Resources are looking for an alternative to their bulk train loading facility at Hopetoun and instead looking to cart sands & earths in Rotainers (rotatable containers with removable lid) from pit to processing or port, which will certainly compliment the Sunraysia Mallee Port Link operations.

Iluka Resources, in its letter of support for the Sunraysia Mallee Port Link, have advised: 'the facility would certainly be an important consideration in its assessment of the economic viability of developing its deposits in north west Victoria'

This investment will bring jobs and economic benefit to North West Victoria and beyond.

< General location of Sunraysia Mallee Port Link showing close proximity to mineral sand & rare earth strands in the region

Map below showing actual location of the Sunraysia Mallee Port Link in relation to the Nunga West and Boulka mineral sand strands (map; complements of Iluka Resources)

INFORMATION SHEET

MINERAL SAND & RARE EARTHS

In addition to the existing proven reserves and licenses , in late 2021 and throughout 2022 there has been numerous mineral sand and rare earth exploration license applications near Ouyen and the Sunraysia Mallee Port Link. The following are some examples of these

NOTICE OF APPLICATION FOR AN EXPLORATION LICENCE
Mineral Resources (Sustainable Development) Act 1990 – Section 15(5)
Mineral Resources (Sustainable Development) (Mineral Industries) Regulations
2019 – Regulation 22(1) and Schedule 1

1. Name and address of applicant(s):
Torrita Gold Pty Ltd
PO BOX 563,
East Maitland NSW 2323

2. Contact details of applicant (for map and other information requests):
Belinda Ingram,
Authorised Agent
(as employee of Australian Mining & Exploration Title Services)
Mobile: 0428 158 274
